Playful earrings

Use this simple tutorial to create some playful earrings, which can also be used as the basis for a necklace or bracelet. Use the PRECIOSA Cornelian, a rocaillon with a round hole where the intermediate layer consists of white chalk with a rounded edge and a cover layer of glass, which allows the exceptional nature of both this seed bead and your piece of jewelry to stand out. Single or multi-colored earrings or a rainbow bracelet or necklace are sure to make you happy!

Technique: sewing

Procedure:

Step 1

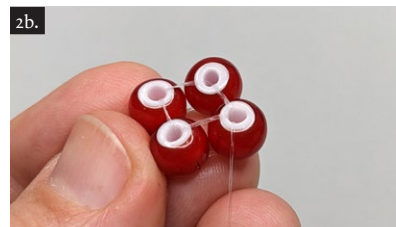

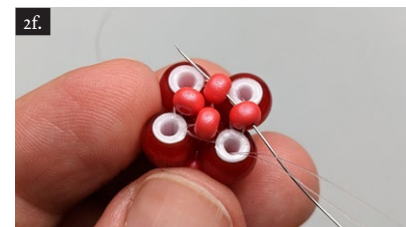

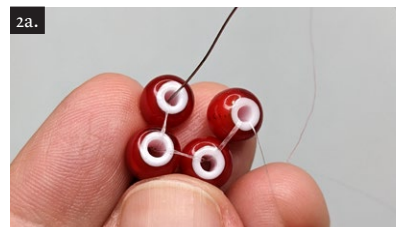

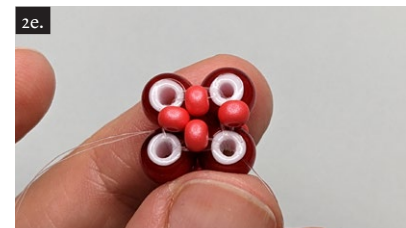

Cut off approximately 1.5 m of line and thread it into a needle. String 2x K33, pull them to the end of the line and tie a double knot (fig. no. 1a). Thread the line through one K33 (fig. no. 1b). Then string a third K33 onto the line, return to the second K33 and

then emerge from the third K33 again (fig. nos. 1c-1e). Sew on the fourth K33 in the same way (fig. no. 1f).

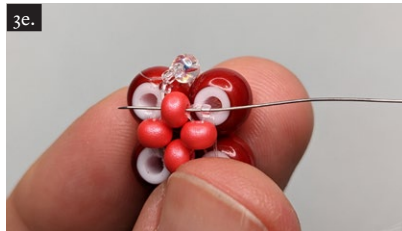

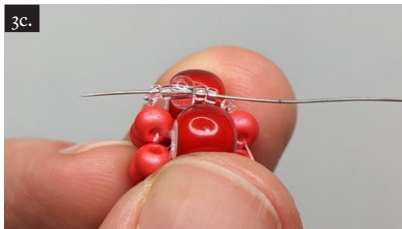

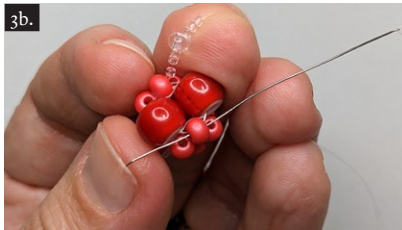

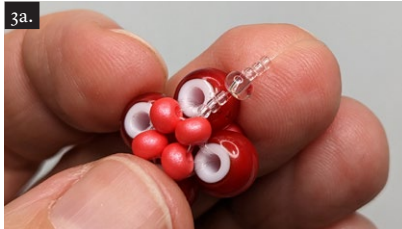

Step 2

Sew through the first and fourth K33 so that you end up with a square (fig. nos. 2a-2b). String a R6 and sew it on to the neighbouring K33 (fig. no. 2c). Sew on a total of 8x R6 on both sides of the square in the same way (fig. nos. 2d-2e). Thread the line through all the R6 on top and at the bottom so that they are joined up (fig. nos. 2f-2g).

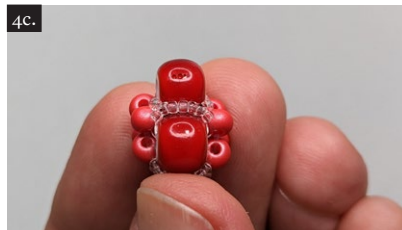

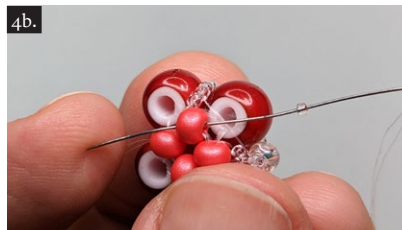

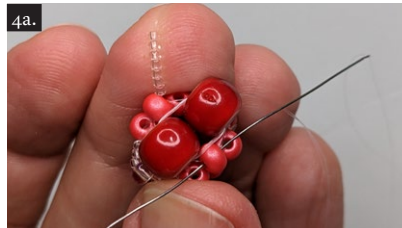

Step 3

String 3x **R13**, 1x **R8** and 3x **R13** (fig. no. 3a). Thread the line through the lower **R6** (fig. no. 3b). String 1x **R13**, leave out one **R13** and thread the line through the remaining 2x **R13**, **R8** and 2x **R13** (fig. no. 3c-3d). Once again string the **R13** and pass the line through the **R6**, from which you emerged (fig. no. 3f-3g). You will then attach the earring to an **R8**.

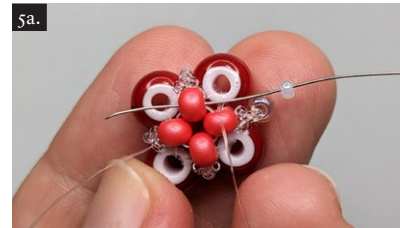

Step 4

Repeat Step 3, but string 7x **R13** (fig. nos. 4a-4c). Repeat this step two more times so that each side of the square is decorated with **R13** (fig. no. 4d).

Step 5

Sew a white **R10** between each **R6** in this step (fig. no. 5a-5b). Sew through the rocailles and tie knots along the way so that you have sewn in the line. Then cut off any extra line.

Step 6

String a connecting ring to the **R8** on the point and then attach an earring hook to it (fig. no. 6a-6b). Sew one more Cornelian square according to the procedure and you will have a pair of earrings. Earrings in different colors also look interesting (fig. no. 6c). Create a rainbow bracelet to complete the set (fig. no. 6d).
