Easter card

If you are one of the lucky ones who become enthusiastic about all types of handwork, but you have not yet tried embroidering with seed beads, we have an excellent offer for you. Preciosa Ornela has prepared a relatively simple tutorial for the creation of an original Easter card, the preparation of which is bound to appeal to you thanks to its simplicity and the excellent resulting effect. You can use your imagination for the color scheme or you can adapt it to the seed beads which you have available. In this case, we have used rocailles and their cut version. So delight yourself and your loved ones and try making one of these unique spring cards.

thick card in two colors
a 0.2 mm line, a thin needle, scissors,
a ruler

Difficulty: ● ● ● ● ●

Technique: basic beadweaving

Procedure:

Step 1:
First sew six flowers in two sizes.
String an orange R and 2.5 cm of CR.
Thread the needle and the line through
the orange rocaille one more time and
repeat the entire procedure another 5x.

At the end, thread the line through
the orange R and tie both ends together,
sew over them and cut them off.
String 3 cm of CR for the larger flower.

Step 2:

Prepare the colored card in two colors
(yellow and green).
Divide the yellow card with dimensions
of 30.4 x 13.5 cm into 6 fields of 2 x 6.5 cm,
2 x 5 cm and 2 x 3.7 cm.
Fold the paper into an "accordion"
according to the dimensions using a ruler.
Sew the flowers onto the two upper sections
and you can write the card's text in the front
lower section.

Step 3:

Create a 17 x 11 cm envelope for the card
from the green card.
Prepare one piece of green card with
dimensions of 17 x 11 cm and a second with
dimensions of 18 x 6 cm.
Fold over 0.5 cm at the edge of the piece
of card with dimensions of 18 x 6 cm and
apply glue to the folded 0.5 cm section
of the card and adhere the piece of card
with dimensions of 17 x 11 cm to it.
This will create the envelope for the card.
